

# Angel Calendar 2008

Although this calendar's purpose is to raise funds and awareness of child abuse... you won't see any sad or crying children depicted here! This calendar is filled with happy, beautiful children celebrating life. Full faced smiles of girls who were once "at risk" children but now, thanks to the support of caring sponsors, they have a life full of hope and destiny ahead of them!

**Buy a calendar**, buy many as Christmas gifts, encourage others to buy calendars... This is a simple way that you can impact an abused or "at risk" child's life!

**Be the reason a child can dream again...**
